Contributing to the community through a collective charity fundraising event.

Singapore, 10 June 2024 – Over the weekend, **CLA Global TS** took part in the annual **Football With A Heart 2024 (FWAH 2024)**, an executive football charity fundraiser designed to unite the private and public sectors in raising funds for underserved communities in Singapore. Organised by **Singapore Pools**, the **Football Association of Singapore**, **Sport Singapore**, and the **People's Association** in partnership with the **Tote Board**, the ninth edition of this annual event raised a total of **\$1,258,750** for this year's appointed beneficiaries: **ARTDIS (Singapore) Ltd**, **iShine Cloud**, **SportCares**, **Loving Heart MSC**, and **TOUCH Community Services**.

Mr. Henry Tan, Group CEO and Chief Innovation Officer at **CLA Global TS** said, "Giving back to our communities has been a core value of the firm. It goes without saying that **CLA Global TS** is pleased to have been able to participate in this year's edition of Football With A Heart, doing our part in a collective charity fundraising event. Engaging in a large-scale charity event can effectively draw attention to beneficiaries and extend outreach to various charitable initiatives through collaborative endeavors. Among 1,200 footballers and the 57 corporate organisations supporting this year's FWAH 2024, **CLA Global TS** is proud to enter our very own corporate football team into the event for the first time. Partaking in several intensive five-a-side football games against other corporate teams, the event created a meaningful experience to support charitable causes through sports for the players. Supporters from the firm also went down to support the players as the team played their best in the event's Corporate Tourney.

"This event goes beyond being a simple charity occasion, it offers a fantastic opportunity to involve our people in sports activities, fostering teamwork and promoting an active lifestyle. Being part of a larger initiative inspires our people and enhances their physical and emotional wellbeing. As a firm, we remain committed to supporting our team's professional growth and personal wellness," added **Mr. Henry Tan**.
