Singapore, 23 January 2026 – CLA Global TS is proud to announce that it has been recognised among Singapore's Top 300 Employers in the **2025 Singapore Opportunity Index (SOI)**, an initiative by the **Ministry of Manpower (MOM)**. This achievement highlights **CLA Global TS's** commitment to empowering its people through purposeful career development, inclusive growth, and investment in their potential. Because the SOI measures what employees experience — across hiring, pay progression, promotion, and retention — it stands as a true reflection of the opportunities **CLA Global TS** provides.

The **Singapore Opportunity Index (SOI)** is a large-scale government initiative that uses data metrics to identify employers who support the career growth and economic improvement of employees, giving a transparent outlook on Singapore’s job market. Measuring Government data against five categories detailed a comprehensive dataset of occupation, salaries and recruitment records from nearly one million Singapore residents employed in more than 1,000 organisations. It is one of the key recommendations by the Tripartite Workgroup on Human Capital Capability Development to support organisations in making evidence-based talent development investments that deliver measurable workforce impact.

CLA Global TS is recognised in the following excellence categories:

Career Launchers — reflecting its commitment to offering clear advancement pathways and meaningful wage growth that empower its people to reach their full potential.
Career Builders — underscoring the firm’s belief that talent comes in many forms, and its dedication to skills-first hiring and creating pathways for first-job opportunities.

Mr. Henry Tan, Group CEO & Chief Innovation Officer at CLA Global TS said: “I am incredibly proud that **CLA Global TS’s** unwavering commitment to creating meaningful career pathways, fostering inclusive growth, and investing in our people’s potential has been recognised. Being named among **Singapore’s Top 300 Employers in the 2025 Singapore Opportunity Index (SOI)** affirms our promise to create winning opportunities for Our People — opportunities that ultimately enable us to serve Our Clients even better. Through these efforts, we are honoured to contribute to shaping a Singapore economy where every employee can thrive.”
